Personal Portfolio: <http://www.linkedin.com/in/noufalshehri> <https://github.com/NoufDhAlshehri>

Objective

Data Analyst and AI Engineer with strong skills in Machine Learning, Data Science, and Software Engineering. Experienced in developing predictive models, intelligent applications, and data dashboards. Completed practical training with Aseer Municipality's Digital Solutions Department. Proficient in Python, SQL, and Power BI.

Education

Bachelor of Science in Computer Science King Khalid University	June 2025
- Abha, Saudi Arabia - Relevant coursework includes Web Development, Database Systems, Machine Learning, Data Structures, and Algorithms.	

Experience

Aseer Municipality – Digital Solutions Department <i>Cooperative Training – Data Analyst Software Engineer AI Engineer</i>	Jan 2025 — Feb 2025
- Week 1: Conducted system and data analysis, documented requirements, and reviewed database structures. - Week 2: Assisted in developing an AI-powered violation detection bot using Python and API automation. - Week 3: Built Power BI dashboards and optimized SQL queries to improve KPI reporting. - Week 4: Supported AI model deployment, enhanced internal portals, and presented outcomes to management.	

Projects

Subscriptions Manager (Graduation Project)	Aug 2024 — Jan 2025
- Developed an Android app to analyze and prioritize user subscriptions using AI. - Generated 1000 subscription entries and trained the model on 80% of the data. - Compared algorithms and selected Decision Tree with 92% accuracy. - Built a color-coded interface to highlight essential subscriptions.	
Diabetes Prediction Using Machine Learning	Oct 2024 — Nov 2024
Developed an SVM model using Scikit-learn on 768 records with 88% accuracy.	
Bank Loan Decision Model	Aug 2024 — Sep 2024
- Built a Logistic Regression model analyzing 500+ financial records. - Increased model accuracy by 20% using improved preprocessing and feature selection.	

Certifications

Data Analysis – Misk Foundation	Feb 15, 2026
Microsoft Word – Dorooob	Feb 9, 2026
Project Management in Information Technology – Dorooob	Feb 9, 2026
Cybersecurity Training Program – HRDF	Nov 9–13, 2025
Data Fundamentals – IBM SkillsBuild	Nov 2025
Artificial Intelligence Fundamentals with Capstone Project – IBM SkillsBuild	Oct 2025
AI Concepts and Advanced Applications – SDAIA	Sep 2025
Foundations of Artificial Intelligence – SMI	Sep 2025
Machine Learning – Dorooob	Jun 2025

Data Science in the Government Sector – Dorroob	Jun 2025
--	----------

Internet of Things Applications – Dorroob	Jun 2025
--	----------

Introduction to High-Performance Computing and AI – King Khalid University	Aug 2024
---	----------

Technical Skills

Languages	Arabic (Native), English (Fluent)
Programming Languages	JavaScript, Python, Java.
Data Analysis & Analytics	Data Analysis, Exploratory Data Analysis (EDA), Data Cleaning & Preprocessing, Statistical Analysis, Data Interpretation, Data-Driven Decision Making
Programming & Querying	SQL (Advanced Queries, Joins, Subqueries), Python (Pandas, NumPy, Scikit-learn)
Machine Learning	Supervised Learning, Predictive Modeling, Decision Tree, Support Vector Machine (SVM), Logistic Regression, Model Evaluation Metrics
Data Visualization & Business Intelligence	Power BI, Tableau, Dashboard Development, KPI Reporting, Data Storytelling
Data Management & Tools	Relational Databases, Data Modeling, ETL Concepts, Git, Jupyter Notebook, Microsoft Azure
Soft Skills	Analytical Thinking, Problem Solving, Team Collaboration, Communication Skills, Adaptability, Time Management
